

Guided visits at MälarenEnergi AB

Acknowledgement of instructions

To make your visit safe and as beneficial as possible it is important that the following rules of conduct are followed. One person from the visiting group should be appointed contact person. The contact person has the responsibility to inform all the members of the visiting group. One copy of this form should be signed by the contact person and handed to the guide when the visit starts.

Rules of conduct

- The maximum speed limit within the area is 20 km/h.
- Parking is only allowed at designated parking spaces.
- No smoking.
- You are required to use our helmets and safety vests during the visit.
- Listen to the guide and follow his/her instructions.
- Keep a tight group. It is not allowed to leave the group during the visit.
- Don't touch anything without permission. Unauthorized behavior can cause operational hazards or accidents.
- It is an operating plant. Heat, noise, heights and elevator rides may occur.
- Part of the visit takes place outdoors.
- In case of an alarm, follow the given instructions.
- The guide has the right to end the visit if required.
- No photography without permission.
